FLOORING & EQUIPMENT:

The perfect addition to interior design!
Non-textile floor coverings at Heimtextil.
We know our customers' needs are constantly changing – so we change with them, to create the ideal sector platform.

As befits the leading trade fair for home and contract textiles and textile design, we give an overall picture of the market, the latest trends, and innovations in materials.

Our joint presentation with the product group Carpets & Rugs will be in the newest and

most architecturally outstanding **Halls 11 and 12.** This is where a top-quality programme of events will create **a hub for the carpet and floor covering industry.**
