### Sample sizes and quantities:

- Maximum number of 40 samples
- Ideal size of 40 x 40 cm
- Ready-made items (cushion covers, blankets) in the original sizes for representative decoration
- Textil Designers: Please send us approx. 40 x 40 cm paper printouts of your textil designs
- Carpets & Rugs: Please send us approx. 40 x 40 cm material sample and the available size dimensions

### Mandatory labelling of your samples

We expect to receive thousands of samples from all exhibitors. Only if the samples are labeled properly, we can identify your products at any time during the selection and processing. Please mark everything with the following information:

- Company name
- Item number / product ID
- Colour codes / colour name, to enable us to possibly order larger quantities (we're planning 1-6 m)
- Information/certificates regarding product functionalities – **NEW!**

### Functionals at Heimtextil Trends – NEW!

In addition to the primarily decorative or aesthetic aspects of the Material Briefing, starting next year we will specifically highlight fabrics designed for functionality and performance. Please indicate if your product meets criteria in the categories of *flame-retardant, antimicrobial, lightfast, water- and stain-repellent, sound absorbing, or hard-wearing*—and upload the relevant certificates: [Functionals at Heimtextil Trends](#). This new feature complements the Material Briefing. Fabrics may also be submitted for curation without certificates.

### Should your products be returned after Heimtextil 2027?

Kindly let us know with your shipment (but not later than 4th January 2027) if you'd like us to return your samples. Unfortunately, we cannot return processed fabric panels and textile/wallpaper samples. If we do not hear from you, we will recycle your samples properly and, as far as possible, donate them to charitable causes after Heimtextil 2027.

### Photography is permitted

Please be aware that journalists and visitors are permitted to photograph the Trend Space and its exhibits, and to share the pictures on social media.

### Do you have any questions regarding your participation in Heimtextil Trend Space?

Please contact us by email at [trends.heimtextil@messefrankfurt.com](mailto:trends.heimtextil@messefrankfurt.com).
